GPS Global Solutions

> Merchandise, Assets, People and Pets Tracking in the palm of your hand!

"Olympia Tracking" Mobile Application is now available and free to download

The Mobile Application from Starcom GPS Global Solutions for both IOS and Android-based devices, enables you to receive information that matters, sent straight to your mobile device. "Olympia Tracking" has been created to complete the SGS Online Web Application and to accompany its goal to allow customers to see what's going on with their vehicles and assets, whether for business or personal purposes 24/7, via any mobile device such as a smartphone or tablet.

The Application provides a fast and user-friendly way to keep track of SGS's products; Helios, WatchLock, Tetis, Kylos Compact, whenever your computer is unavailable - anywhere and at any time.

Whether you are in the office or travelling, you can stay in control and find peace of mind straight from the palm of your hand.

Your Benefits

- ★ More control than ever before: Gain quick access to your business or personal assets whenever you want and as many times as you like, giving you more control of all possible events and situations.
- ★ Peace of mind: Receive Instant Notifications – be alerted to situations that warrant your response, for example changes in predefined settings, irregular events or breaches will trigger alerts and send notifications by text message or email to your mobile device.
- ★ Save money: Have Vital Information at your Fingertips - The real time information available allows you to make effective decisions about your business or personal matters instantaneously allowing you to prevent any possible loss of assets/merchandise and ultimately loss of money.
- ★ Easy work: Simple to use and convenient - all you have to do is download on your mobile device.

Key Features

- ★ Receive real-time alerts.
- ★ View the location of your devices.
- ★ Get all the details about each device.
- ★ View your list of notifications.
- ★ View each notification's details and location.
